## Why?

Individuals served by TuscBDD complete an interest survey to help the agency develop appropriate programming.

Various interests are often noted from singing to gardening! In order to provide programming in these areas, we need your help!

At the national, state and local levels, the focus is on developing appropriate opportunities for community integration and inclusion for persons with developmental disabilities. Volunteering will help to accomplish this goal!

Through your volunteering, persons with developmental disabilities will be able to broaden their experiences. The insight gained from these experiences will help individuals as they plan for the future! Other benefits include:

- Mutual learning experience for both parties involved.
- Increase opportunities for integration and inclusion on a local level.
- Witness your passion or skill transform the lives of others.

## What? Dream Big!

At TuscBDD, we invite our volunteers to dream big! The individuals have big dreams for their future, so we need volunteers who are ready to dream big with us!

We would love to meet with you to dream together on how you can utilize your talents and skills to enrich the lives of persons with developmental disabilities in Tuscarawas County. Some volunteer partnerships could include the following:

- Community Garden
- Acting Studio
- Cooking Classes
- Nutrition Club
